

SEPTEMBER DK NEWSLETTER

Deep Kleen Pool & Spa is family owned and operated! We love what we do and value all our pool families, in and around the Treasure Valley. We hope you have enjoyed your summer!

Did you know?

Algae wants to grow in warm, & wet environments. Due to that, it is best to wait to close your pool until after the first or second cold front has moved in in order to minimize algae growth in your closed pool. Weather is an important factor when deciding when to close your pool. Let us know how we can help!

Fall 2017

FUN FACT!

The world's largest residential swimming pool, in El Campo, TX, holds 600,000 gallons, has a 500-foot lazy river, a 21-foot slide, six waterfalls, and two spas..

Pool chemistry requires experience and expertise. Our staff includes Certified Pool Operators through the Association of Pool and Spa Professionals
